

April 10, 2026

For Immediate Release

Zwillinger Wulkan attorney, Shandiin Herrera, serves as a moderator at the 2026 Federal Bar Association Indian Law Conference

Zwillinger Wulkan congratulates our associate, Shandiin Herrera,

“As both a practitioner of Indian law and a member of the Navajo Nation, it was an honor to facilitate this important conversation,” said Herrera. “Tribal justice systems are not only foundational to tribal sovereignty, but they also offer innovative approaches to justice that can inform broader legal systems.”

The session underscored both the progress and ongoing challenges facing tribal courts, including resource and capacity gaps, while also highlighting emerging innovations and leadership shaping the future of tribal justice systems.

Herrera’s participation reflects Zwillinger Wulkan’s continued commitment to advancing tribal sovereignty and supporting Indigenous communities through legal advocacy.

Thank you Shandiin!
